

NOT APPROVED JIM DISTRICT

Don't read this while you've got a good thing going. Take a bumper when you're prepared.

THIS COUNTRY

It doesn't matter whether its abroad or at home, this is the police state of America we live in.

Politicos used to talk about genocide war on the Vietnamese people. I tried listening, but what the fuck can I do about them bombing Vietnam? Nothing.

The thing is, though, they're not just doing it 3,000 miles away. They're after your sister. And brother. And you. And me. And the fuck is, this paranoia is real.

The man -- whether he is a marine, narc, syndicate, FBI, or city cop -- is the man. And he's trying to control this country hard.

He's out busting for dope today. In Septmeber he'll be draft busting if you're in this country and of age and not in school.k

It doesn't matter which organization he's a card carrying member of. He's the heat.

+July 23rd: The Griffith Park Love-In became a Hate-In when the heat (plainclothesman this time) hassled an Angel and then the heat (every variety, badge and badgeless) was on everybody, white or black, flowers or cycles.

+July 23-30: Black brothers of Detroit tried to take over their own territory. Johnson sent in foreign troops of occupation. You can only hold out so long against US Steel and its allies.

++August 15th: XX S.F. denied permission to have electric rock bands in the parks. It was a premeditated attempt to create a riot so they could crack down.

"How many of the police jobs are reserved for crewcut vets of Vietnam?"

---L.A. Free Press

The man has made it come true. If he doesn't stop them over there he's going to have to stop them here.

Over there the Vietnamese tried to do their own culture after ages of domination by the Chinese, Japanese, and French. Now Americans systematically destroy them.

Over here ...

What can you do, what can I do, what can we do?

1. Stay Alive. The communication company sf (ups) put out a good note on what to do if its a city revolution. Barb's got it. LA Free Press and Open City got it.

2. Stay out of the Army. Cañada, C.O., disease, insanity, homosexuality political nuisance. There are people who know the ropes:

- Berkeley - SDS, Berkeley Draft Info Committee, Resistance, Free Church
- SF - Free Store, Am Friends, CCCO, SNCC, SFS State VDC

a safety message printed and distributed by STOP THE DRAFT WEEK COMMITTEE (A committee of various groups working to hit the draft where it hurts - the induction center. We plan to close down by obstructing it during the week of Oct. 16-21)
