

## ANNOUNCEMENTS

### WARRANTS ISSUED

Complaints have been filed by private citizens, SRI employees, and Stanford students (YAFers) stemming from the Friday (May 16th) demonstration at SRI/Hanover. Charges filed include arson, battery, riot, failure to disperse, and remaining at the scene of a riot. Some warrants have been issued by the Santa Clara district attorney--the exact number is not known. According to one source, arrests are not likely until tomorrow, but if you are arrested tonight call our legal defense at 328-4941--if no answer call 321-2434. For whatever it's worth, there is an article in Saturday's P.A. Times, complete with "incriminating" photos (on page two). For further non-information and photos see the latest issue of Harvey's Rag (known as the Arena in other circles).

### MIDPENINSULA FREE UNIVERSITY

On Monday, May 26, the M.F.U. is sponsoring a public meeting at Lytton Plaza, corner of Emerson and University in Palo Alto. People of all viewpoints are invited to come and talk--there will be a sound truck with open microphones. The meeting will begin at 8:00 PM.

### SUMMER PLANS

There seems to be a lot of movement people staying in the area this summer as well as a lot of interest and ideas about keeping things together. A newsletter or possibly a continuation of Declassified has been suggested. Around 40 or 50 people want to live together off campus this summer and next year. Several houses have already been found and a "radical neighborhood" may evolve by next year.

~~Other ideas are study groups, e.g., economic aspects of imperialism, political economy, legalities of movement defense, Marxist theory, etc., research groups, e.g., uses of Stanford land, Stanford financing and planning, political economy of the midpeninsula/bay area, etc., and work projects, e.g., comparing notes on working class jobs, education and PR (establishing and using contacts with local media, clubs organizations, churches, etc.), radical arts troupe (rat--using different forms and media for political expression), and legal defense.~~

There will be a meeting Wednesday 8 PM. in Serra lounge to talk about these and any other ideas for the summer, and to set up a summer committee to do the organizational work. If you haven't filled out one of the "Keeping It Together" forms, do it now and drop it off at the A3M office--especially if you won't be here and want a newsletter sent to you.
