The Senate of the Academic Council's decisions: Approximate text

1. Endorses the statement made by the President of the University to the Board of Trustees April 8, and shares the moral concerns expressed by that statement and many members of the University community.
2. Urgently requests that as many members as possible of the Board of Trustees attend open hearings to be held on campus during the month of April to consider the relationship of the University and Stanford Research Institute.
3. Urgently requests that the Board of Trustees report fully to the Stanford community and the results of its discussions concerning the SRI-University relationship by mid-May.
4. Instructs the Steering Committee to schedule a special meeting of the Senate within two days of the issuance of the report of the ad hoc committee on relationships between the University and SRI.
5. Reaffirms its responsibilities for policies controlling research on the University campus and declares its intention to reexamine these policies this spring.
