## WORK STOPPAGE CONTINUES

National Work Stoppage has changed its name to STOP for Peace. The committee has joined with a Los Angeles group to canvass all California labor organizations on the prospect of a Work Stoppage on June 30. This entails contacting over 2000 local unions, as well as professional societies, church groups, and schools.

A subcommittee called BLAM (Blitz Action for McGovern-Hatfield) has been formed under the aegis of Richard Almond. This group is using the previously established communication network to organize pressure campaigns in the states of key congressmen.

These short-term goals are the forerunners of a long-term effort to change the political consciousness of the country. A group called LONG is pursuing the creation of a permanent labor-student coalition.

STOP is in urgent need of manpower. Call 329-8130 or 321-1200 ext. 6240.

## ELECTION CAMPAIGNS UNDERWAY

Workers are urgently needed for the campaigns of Pete McCloskey and Sam Husted. Please contact Tom Chester (at 325-7609 or at his mailbox in the student lounge) or leave your name and phone number in the Nerve Center. There will be a meeting of those interested on Friday, May 22, at 12:15 in M-104.

These campaigns are coordinated through the candidates' own offices. The target election is the primary on June 2. This race is especially crucial for Mr. McCloskey.
