...SUNDAY OCT. 17...

In order to begin forming a community of people concerned with Stanford Corporation's land use priorities, everyone is invited to create with us a

PICNIC

on

PETER COUTTS HILL,

site allegedly chosen for Stanford Corporation's first low income housing units. The afternoon will include rehearsals for the Stanford Community Action Band, discussions of Stanford Corporation land use, political dialogue (no heavy sermons), an informational tour of the Stanford Industrial Park, and other activities which will develop organically. Folks will gather at Columbae House (near Cowell Health Center), and at Roble Hall at noon Sunday, then proceed by car pool, bike or foot to the hill. No prior knowledge of Stanford land use is required.
