

## THURSDAY SCHEDULE OF ACTIVITIES

"From each according to his abilities..."

Nixon has served notice on the American people that, in his own words, the entire world will be watching. Clearly his mining of harbors and saturation bombing of populated areas will not defeat the Vietnamese; they will only cause further massive suffering and risk nuclear confrontation.

We must act together to end this criminal war. There are many different ways. Each of us must act in accordance with his or her own conscience. But whatever each of us does, we must all devote ourselves to work in the manner we feel will be most effective.

To this end we are calling for a voluntary boycott of classes on Thursday and Friday, both to protest the continuation of U.S. involvement and to enable people to spend their time on anti-war activities.

The following activities are planned for Thursday:

All Day - Peace Center at Memorial Court: Work for McGovern and McCloskey, Peace Drive, 14055, War Petition, and vigil. Medical Supplies for the Vietnamese: need money and workers. Go to Concerned Asian Scholars (CCAS) in East Asian Center (X 3606).
