

SAC, San Francisco

12/24/70

Director, FBI

REDACTED UNION (RS)
IS - 10

ReSFairtel 12/7/70 captioned "Counterintelligence and Special Operations," and previous correspondence under the counterintelligence caption, outlining a proposed disruptive technique to be applied against leader Howard Bruce Franklin with the objective of neutralizing the IU.

Recent information indicates Franklin has broken with the IU organization and is in the process of forming a new group. For this reason, and because of the expanding operations of the proposed technique, no further action should be taken on this suggested disruptive technique.
